

Gay campground **BANS** transgender men and the left goes nuts

FEB. 24, 2021 3:51 PM BY [THE RIGHT SCOOP](#) • 162 COMMENTS

The left is colliding with itself after the owner of a yet-to-open gay campground bans transgender men from using the campground:

“

QUEERTY – Camp Boomerang, the new gay men-oriented camp near Orleans, Michigan, has come under fire for discrimination...and it hasn't even opened yet. Owners of the camp declared on social media that transgender men will not be allowed on the campground.

“Camp Boomerang is a private, membership-only RV park/campground that allows only ‘guys,’” said Bryan Quinn, owner of Camp Boomerang in a Facebook post,

according to PrideSource. “A ‘guy,’ in terms of this discussion, is defined as a person with a penis, [who] presents himself as male and has a state-issued ID that says ‘male.’”

“We understand this statement, unfortunately, may not make everyone happy, but feel it needs to be clarified,” Quinn continued. “It is our hope that everyone who visits Camp Boomerang enjoys a comfortable, safe, non-confrontational environment going forward. Being a ‘private membership only’ entity allows us the ability to build a like-minded atmosphere. We don’t mean for this to come off as a ‘like it or leave it’ attitude, but we feel it’s necessary for everyone to know exactly what our vision is for Camp Boomerang.”

Needless to say, the odd declaration invited immediate online backlash, prompting more comments from Quinn.

“Let’s be real here,” Quinn added in one comment. “If we let women that act like men in, and they go naked at the pool, that’s when it’s obvious that there’s no penis. Sorry to put it bluntly. But if you don’t like the rules, quietly leave.”

Quinn’s comments have not placated angry campers, who interpret the Camp Boomerang policy as transphobic.

“Any type of policy that would require someone to prove their gender identity is counterproductive to advancing LGBTQ rights and divides our community,” Executive Director Brayden Misiolek of Transcend The Binary said of the ID policies. “As someone who lives with dysphoria, this news is very dehumanizing. Any kind of discriminatory policies like this erase us as a community. It invalidates our lived experiences and perpetuates narratives of illegitimacy, which can and does lead to harm for trans and non-binary people.”

At the time of this writing, it appears the Facebook pages for Camp Boomerang have been taken offline. The campground has also received negative reviews on Google, awarding it only 2.1 stars.

Discrimination! Transphobia! HILARIOUS!

The left keeps lowering the bar so far on everything that now even these hardcore LGBTers can't even live up to it. What's next? A transgender gay men's campground banning real men? Well that would probably be ok with the left, LOL!

Useful idiots eating other useful idiots. Exactly in the line of the Joe... Stalin regime. Of course, all these groups will be sent to the Gulag not too long after the main undesirables.

This amounts to a free assembly problem. According to the Constitution, we have a right to free assembly and in the private sector, we have a right to exclude non-likeminded people from said group. Seems they want to get together as gay men and do gay men things. A trans man has a different lived experience and while the trans may feel like a man, they may or may not be attracted to men, but gay men are not all attracted to females, even if they present fully clothed as male. This is no different then a women's church group or a men's hunting club, ok a little different, but in eyes of law same. If you have a nudist camp, it is perfectly ok to say if you are not willing to be nude, you should not come. This is a policy to protect nudists from those that have just come to gawk or turn a naturalist experience and make it dirty. We as a society seem to have forgotten that we can be whomever we want, but that doesn't mean we will be accepted socially, and no one can force others to accept you or be impressed with you.

This isn't the first fracture in the LGBTQ community that I've noticed. We will see more of this happening with this group and other rabid liberal left fanatic groups in the future as they begin to eat their own.

I'm not sure if it's the community or just the activists. I had a neighbor who was "one of them" and he-she seemed to get along fine with the regular you-know-whats. (I had to reword this because Disqst didn't approve of my language.)

I'm not sure if it's the community or just the activists. I had a neighbor who was a tranny and he-she seemed to be friends with the regular queers. Of course, that was back in the '90s.

I see they let it through! Things were a bit different back in the 90's. There wasn't as much hostility and in your face. I was around quite a lot of Gay men and lesbians back then, and they were so different from the LGBTQ group of today.

Maybe so, I haven't associated with any of them in a long time, there doesn't seem to be any in my current neighborhood.

I still have some among my FB friends and with one exception (lifelong friend that unfriended me over political disagreement...like a sister to me) they are all the same as they once were, and don't appreciate the LGBTQ movement.

Well, start your own private campground with only surgical penors or pending surgical penors allowed. Leave the guys alone with their genuine penors...

their policy invalidates our shared experiences????????? what kind of blather is that?? if you decide to live your life with mental illness do not expect the rest of the crowd to go along with you - you next ' shared experience' maybe I am a bear - grow your hair out and live in a cave - have at it - but do not expect others to give into your delusions.. in any case good luck with the campground - it used to be that clubs could be men only, or gyms could be women only - whatever - frankly I do not care - but all this gender idiocy has us all fighting each other - the real reason behind it all - get it?? ..trannies open your own campground - and have your own sporting events - so men are no longer competing with women

The left is starting to eat itself. Femnazis getting ticked at the tranny men playing in women's sports. The gays not wanting the trannys at their playground. What's next I wonder? Time to just sit back and enjoy the show. May take a minute, but they will self implode themselves. Possibly take us all with them, but such is this sad sad world we're in now. We can take comfort in the fact that in the end, they will not prevail.

The one difference between this situation -- of a woman dressed as a man in an all-male, all-gay environment -- and the situation of a man dressed as a women in an all-female environment is that the man dressed as a woman poses a possible physical threat to the women.

There have been situations at women's shelters and prisons where a man dressed as a woman was allowed in and he subsequently attacked one of the women.

I'd like to see a man dressed as a woman go into a lesbian campground. That would be quite entertaining, until the police and ambulance arrived.

If their requirement is "only males", is there even a requirement that the males be gay?

If so, if a transgender man(aka "a woman") presents as male, the only way she could then qualify is if she liked men, right?

By definition, that's not "gay".

But if she liked women, that *would* qualify as "gay".

But then "he" would be a "straight male", and likely not permitted, since "he's" not "gay".

Am I playing this game right?

I think this song kinda sums this all up:

Now, many many years ago

When I was twenty three

I was married to a widow

Who was pretty as could be

This widow had a grown-up daughter

Had hair of red

My father fell in love with her

And soon the two were wed

This made my dad my son-in-law
And changed my very life
My daughter was my mother
'Cause she was my father's wife
To complicate the matters
Even though it brought me joy
I soon became the father
Of a bouncing baby boy
My little baby then became

Just a thought, banning real men would not be necessary because real men would not want to go near a cesspool of depravity like this. God will sort this out when they are forced to kneel at the throne.

What is this, some new Turkish bath house orgy romp in the great outdoors? What people do in their own RV is their business. Why would anyone need to advertise "gay oriented".

Unless there is a lot more going on there than your standard KOA campground. We really are turning into the morality that caused the decline and fall of the Roman Empire
